

**Five slow and sleepy sloths, hanging in the trees-
one climbs off and sings, “You can’t reach me!”**

**Four slow and sleepy sloths, snoozing in the trees-
one nods off and yawns, “Don’t wake me!”**

**Three slow and sleepy sloths, covered in algae-
one holds very still, “You can’t find me.”**

**Two slow and sleepy sloths, munching in the trees-
one follows yummy bugs, “I’m so hungry!”**

**One slow and sleepy sloth, hanging all alone
feeling really sad, yells, “Please come home!”**

...and so they did!
